

Foil Balloon Colours

Foil balloons are available in sizes ranging from 4" up to 36" although 18" is generally the smallest foil that will hold enough helium to float. An 18" foil will float for at least a week, probably more like two weeks but this depends on circumstances. Available shapes are rounds, hearts, stars & squares although not all colours are available in all shapes, or indeed all sizes.

Plus many more colours!

For the Qualatex colour chart, which covers just about every colour by other manufacturers also, see

<http://www.qualatex.com/pages/microfoil.php>

(Not all colours are available in all shapes and/or all sizes)
